Eddie Kiser is friendly and very professional. He did a great job finishing our Sun Room. He installed the sheet rock on the ceiling and walls. He framed and trim around our seven windows (His son put insulation around them first). Plus a sliding glass door.

We have a brick wall, Eddie suggested to be painted white along with the ceiling & walls and trim which he did all the painting.

My husband and I asked Eddie to frame ^{around} the window on the brick wall and our double door. He put in a threshold at the sliding glass door installed the padding and carpet. He also installed two ceiling fans. He put the outlet covers on.

He is very skilled and takes pains in the work to do it right and if there is anything wrong he makes it right.

We are very pleased with his work.

Ray & Shilene Hartis
Thank you for all your hard work.
